TAKE A WALK ON THE WILD SIDE

This BGSA guided walk—the last one of 2026—will start at 10:00 a.m. on Saturday, November 14 (rain date is November 15) at the Arlington Road (north) entrance to the Lost Pond Sanctuary. The route will be a loop starting at Lost Pond, proceeding through Skyline Park, and then to Putterham Woods and Dane Park, before returning to Lost Pond. These open spaces include much conservation land and feature beautiful woods and wetlands that are not as well-known as other Brookline parks. Join us for a chance to learn more about these areas, recent renovations (especially at Putterham Woods), and planned improvements. Total distance is about 5 miles. The walk will last 2–2.5 hours. We'll stop for refreshments along the way. Spaces are limited. Please email info@brooklinegreenspace.org to sign up for the BGSA Walk on the Wild Side.
